

# DVR Tips

## Scheduling a Recording

- Press “Guide” button
- Find the program that you would like to record by scrolling through the guide (Press up and down arrows to scroll through the channels, press right arrow to see future programming)
- Highlight the program you would like to record
- Press “REC” button once to record that program once or press it twice to set-up a series of recordings

### OR follow the below instructions

- Press “Menu” button
- Use arrow keys to highlight “DVR” and press “OK/SEL” button
- Select “Set a Recording”
- Go through screen and set the start time, stop time and day
- Select “Confirm”
- Select the channel you’d like to record
- Select “View recording settings”
  - Go through the options on this screen using the left and right arrows to see the choices for each and the up and down arrows to move from one line to another.
  - To schedule a reoccurring recording select your preference in the “Record” category.
- Select “Record program with these settings”
- Press “OK/SEL” button when Recording Confirmed screen comes up
- Press “Exit” button at any time to get out of the menu screen

## Playing a Recording

- Press “Menu” button
- Use arrow keys to highlight “DVR”
- Press “OK/SEL” button
- Select “My Recordings”
- Use arrow keys to highlight the program you’d like to watch
- Press “OK/SEL” button
- Press “Exit” button at any time to get out of a menu screen

---
